

CIRCULAR VINYL HOLO/PRISM AND METALLIC STICKERS

25MM

INSTRUCTIONS

- > Place artwork onto the **ARTWORK** layer.
- > Create your cut path in the **CUT LINE** layer.
- > Use a **Magenta** 1 pixel stroke to indicate cut lines.
- > Convert text to outlines (Click "Type > Create Outlines")
- > All artwork should be 3mm away from bleed edge. We can't print to the edge as the stock curls so you will be left a 3mm border after the bleed edge.
- > If you require white underbase place any elements you want printed white in the white artwork layer. This means the stock would not be visible in these areas.
- > If using black, please use Rich Black
[C40 / M40 / Y40 / K100]
- > When finished, save as layered file.
- > For multiple designs please save each design as a separate file.
- > Upload final files before checkout.
