

STICKER PACK HEADER

INSTRUCTIONS

- > Place artwork onto the **ARTWORK** layer.
- > Convert text to outlines (Click 'Type > Create Outlines')
- > If your artwork has full bleed make sure your art extends at least 3mm beyond the cut line.
- > If using black, please use Rich Black (C60 / M40 / Y40 / K100).
- > Ensure the design for the back of the header is rotated 180 degrees and placed in the half of the template (so it appears the correct way up when printed and folded).
- > When finished, save as layered file.
- > For multiple designs please save each design as a separate file.
- > Upload final files before checkout.
